PARIS, KENTUCKY, FRIDAY, AUGUST 21, 1908.

NUMBER 80.

T. E. Moore, Jr., Added to Faculty of State University.

County Attorney T. E. Moore, Jr., has accepted the position of Professor of Law in the law school of the State University at Lexington, and will enter upon his duties on September 10. This will in no way conflict with his duties as County Attorney. Mr. Moore has been assigned to the department of real property, equity and pleading, and will give one hour each day to the instruction of students in these classes.

Mr. Moore is a graduate of Transylvania University. He read law under the late Judge Robert Riddle for many years Judge of the 23rd Judicial District. He was admitted to the Paris bar in 1896 and has served the city as City Attorney and is now serving out a term of four years as County Attorney. He has been from the very first an industrious student of the law, and enjoys the reputation of being one of the best posted lawyers in Kentucky.

Mr. Moore's personality fits him in every way for this position—a lawyer of ability, combined with every instinct that goes to make the true Kentucky gentleman. We congratulate the University on its selection of Mr. Moore for this position.

We must clean out our spring and summer clothing, and will take off 25 to 35 per cent. on our regular price, which means a big saving to you.

Mrs. Matilda Waller Dickey, aged 66 years, died at her home on Third street, of heart failure at an early hour Tuesday morning, after several months' illness with complication of diseases. She was the daughter of Elbridge and Matilda Waller, of Mason county. She united with the Christian church under the preaching of Elder J. I. Rogers, Sr., who was prominent as a co-worker with Barton W. Stone in the establishment of the reformation. Mr. and Mrs. Dickey were married Nov. 30, 1865, and were without issue. Mrs. Dickey was a lovable woman of sweet temperament and beautiful Christian character.

She is survived by two brothers, Cornelius Waller, of Kansas, and William E. Waller, of Campbellville, Ky., and one sister, Mrs. Lucy Thompson, of Kansas. The funeral services were held from the residence Wednesday afternoon at 4 o'clock, conducted by Elder Carey E. Morgan. The interment was in the Paris cemetery. The pall-bearers were as follows: B. B. Marsh, Steele Marsh, Woodford Spears, J. J. McClintock, W. H. Harris and J. W. Davis.

Good Bill at the Grand.

Manager Jackson certainly has a neat show on for the remainder of this week, one that greatly pleased the large crowd that was out last evening to enjoy the opening performances and they were loud in their praises of the new company's acts. Jack Hawkins, the college athlete and world's greatest jumper has one of the neatest and prettiest athletic turns ever seen here. His jumping is simply marvelous. He jumps a foot higher than his own height and springs and bounds over chairs with the easy grace of a bird in flight. Mr. Hawkins has the following jumping records: Three standing jumps, 4 feet 6 inches; running high jump, 5 feet 6 inches (with weights); standing, 5 feet 7 1/2 inches; standing high kick, both feet together, 8 feet

JACK HAWKINS.

8 inches. Lovers of athletics cannot afford to miss this up-to-date attraction.

LaRose and Hatfield is a great team. Eddie LaRose as Pigtail John with his Chinese dialect, was so good one could hear the rice rattle in it. His silly Bill Kid act was so clever it made you stutter to look at him, but in his gentle Irish character you could see the potatoes roll out of his brogue. He was so natural when he laughed that the white of his eyes looked green, and little Bedelia, sure she was the picture of a 5 cent shooting cracker and she had a voice that sounds like the Fourth of July. Her sassafras complexion and the way she bites off her words when she is tearing into a song, makes a man think she is charged with soda water. She was on the stage but a few minutes until she had won the admiration of the entire audience.

Rudolph Davis Announces.

Rudolph Davis announces in this issue that he will be a candidate for re-election to the office of Coroner of Bourbon county, subject to the action of the Democratic party. Mr. Davis has filled the office for one term very acceptably to the people. He is a staunch young Democrat and an efficient officer. There will probably be no opposition to him. He is popular and would be hard to beat.

Gives Warning.

George C. Graddy, of Woodford county, prints an advertisement in the Versailles papers which reads as follows:

"This is to notify the public that anyone who comes on my farm day or night, especially the latter, except in the company of myself or one of my men, comes at their own risk. Not wanting innocent blood on my hands, I take this means of notifying the public, besides posters on my farms."

Mr. Graddy had his barn burned by night riders and in defiance of threat, is raising a crop of tobacco this year, protected by guards. Mr. Graddy has issued his defy.

MARGOLEN.

Woman's Barn Dynamited.

A large barn belonging to Mrs. Sallie Webber was dynamited and burned at Renaker, Harrison county, Sunday night. Besides agricultural implements and hay, the barn contained 1,000 pounds of tobacco, the property of Baird & Hance. The tobacco was pooled with the Burley Tobacco Society. Baird was a member of the jury which recently acquitted the alleged right riders from Robertson county who were tried in Harrison, but it is not known that this had anything to do with the barn burning.

Publishers' Notice.

The publisher of "The Meddler," a
bright weekly Republican paper, of
Cincinnati, with large circulation, under
the above heading, talks plainly
and to the point, viz:

"It has come to us from an indirect
but quite authentic source, that dire
threats are being made against the
publishers of the Meddler, because of
its attitude towards William Howard
Taft, as a candidate for the presidency.

"We simply wish to say now, and
most emphatically, that the Meddler is
within the bounds of newspaper cus-
tom in all of its work. It prints nothing
but the truth. We are willing to
compare it side by side with the Taft
family organ for decency and consis-
tency. There is not money enough in
the Republican Campaign treasury to
bribe us to print that which we do not
want to publish or prevent our print-
ing that which we think should go be-
fore our readers. Our reply to the ru-
mored threats against us: 'Fire the
first gun.' We can take care of our-
selves legally, financially or otherwise,
moreover, we give notice now that we
are going to hand out some hot ones
during the campaign. We do not ap-
prove of a machine-made candidate.
We do not approve of the trickery and
coercion by which W. H. Taft was
given the nomination. We do not be-
lieve that permanent prosperity can re-
turn to the country by his election. We
believe the Republican party has
become a mere Federal machine with
the sole purpose of continuing itself in
control by the power of patronage. If
the administration theory that the
whole country must suffer to get rid of
a few isolated instances of misdoing on
the part of certain large corporations
holds good, then why not apply it to
the Republican administration which
is necessarily responsible for present
deplorable conditions; sweep it out;
put in a new outfit and begin over with
a sounder foundation.

"Under the present circumstances,
it looks like as if Mr. Bryan is a big-
ger, broader, and better man than Wm.
H. Taft, and the risks of a party
change are no greater than the ex-
treme risks to the country by a contin-
uance of the tinkering experiments of
a one-man party. We have had too
much Rooseveltism already. The se-
lection of Taft as the nominee does
not represent the voice of the Repub-
lican party. It is the voice of federal
officeholders acting under the arbitrary
orders of the most supreme loss any
party ever had or ever will have again.
Taft declares he will continue Roose-
velt's policies. If this be true, then
we may expect a continuance of the
deceit and hypocrisy which cries for
peace while eternally preparing for
war, a blatant yell to the mob that all
men must obey the laws while one
man knows no law and acts without re-
gard for constitution or legal authori-
ty at his own sweet will.

"We hear the shout against Wall
street being the seat of the trusts and
financial devilment, yet nominee Taft
has a brother at No. 40 Wall street.
The financial headquarters of the Re-
publican campaign committee is at
No. 2 Wall street. All the New York
newspapers claimed that Wall street
read, discussed and was even inter-
viewed upon the speech of acceptance
of Taft, five days in advance of its de-
livery. From which of these Wall
street offices did these advance copies
come? It was even said that Europ-
ean capitols had been advised of its
contents in advance.

"The candidate for the highest office
in the land lowered his own dignity

and standing by passing his speech of
acceptance over to any man to be
edited before it was uttered unless he
was consulting his master. The sup-
position is that a man big enough to
be president should be the best judge
of the meaning and purpose of his pub-
lic utterances without turning it over
to others. It is often heard that
Taft will be a more conservative pre-
sident than is president Roosevelt,
which means that the latter is to rad-
ical now Taft has declared that he
will carry out fully these same radical
theories. Then who is fooling? Has
hewhispered to wall street that his
shouts are only intended for the galler-
ies to catch the voters? Watch this
carefully. It is a serious phase of the
present situation.

This is the Year We Win.

The New York World is at last sup-
porting Mr. Bryan. The turn of this
great paper to the democratic ticket
means thousands of votes gained, and
a square deal for the party in the great
state of New York. Democracy is at
least to have a hearing. In a column
editorial scoring the republican party
for its corruption funds raised by
Hanna, Cortelyou and Harriman; the
insurance scandals where widows
and orphans were robbed to continue
the republicans in power; unparalleled
extravagance of the last congress: the
world calls upon Mr. Bryan to press
Roosevelt's share in the recent panic;
to show up the President's extrava-
gance, militarism and jingoism; to
meet the issue of dislocated business
and industry; emphasize the need of
each—the need of the people for em-
ployment and bread. The republican
platform is weak, says the World, and
neither Mr. Taft nor his party is in-
vincible.

"One by one the roses fall." Be-
fore the campaign is much further ad-
vanced other great newspapers will be
in line. Every day the prospect of
Democratic success grows brighter.
This is the year to win.

Looks Good to the Senator.

While in the East recently Senator
McCreary says he met many prominent
people and well-posted men, and from
his conversation with them he is
strongly of the opinion that Bryan is
going to win in November. The Sen-
ator finds that the Democrats are united
in all sections, and the talk on all sides
is that the Republicans are split into
factions. Hard times, the high cost of
living, the hundreds of thousands of
people out of employment and the re-
volt in the ranks of labor against Taft
cause Senator McCreary to conclude
that it is possible for the Republicans
to elect their ticket this year. Bryan,
the Senator believes, is much stronger
than in any of his previous campaigns.
The people know him well now and
Senator McCreary says that he is sure
that when Bryan is elected he will
make a safe, conservative and able
President.

A Soft Snap.

Representatives in Congress have been

tor of the Government dispute the bills
they send in. If that is not a cinch
which could be turned into a fine field
for grafting, what is it?

EASILY DECIDED.

This Question Should Be Answered Easily by Paris People.

Which is the wiser—to have confidence in the opinions of your fellow citizens, of people you know, or depend on statements made by utter strangers residing in far away places? Read the following:

Mrs. J. T. Martin, living corner Eleventh and Main streets, Paris, Ky., says: "My kidney trouble was the result of a fall, and I suffered from the complaint for two or three years. I finally procured Doan's Kidney Pills at J. A. Wilson's drug store, after all other remedies failed in giving me relief, and benefit that I gave a statement recommending them in 1903. This statement was true in every particular and think just as highly of Doan's Kidney Pills at this time. I am completely cured of my old trouble and give them the credit. Prior to using Doan's Kidney Pills my back ached and pained until I thought it would break in two. Sharp twinges through my kidneys felt as if someone were hitting me in the back with a heavy object. One week after Doan's Kidney Pills were used I felt like a different woman. I occasionally use them and they serve to keep my kidneys in a healthy condition."

No Branch Banks Allowed.

State banks which have branches must come to time and incorporate separately from the parent bank, with not less than \$15,000 capital, or they will be closed by Dr. Ben L. Bruner, Secretary of State. Not only will the branch be closed but also the parent bank. Dr. Bruner says he does not intend to have any fooling and the banks which are operating branches, in what Dr. Bruner thinks is violation of the law, will have to make their reports voluntarily. Under a recent opinion from the Attorney General, a State bank cannot have a branch and Dr. Bruner is going to force those branch banks to incorporate and make their regular reports to him, as other banks do.

Some ten or a dozen State banks which have branches have been found by Dr. Bruner. He found a new one Tuesday. A bank in Owensboro has a branch at Fordville. No report has ever been made. Dr. Bruner says, to show that the Owensboro bank had a branch at Fordville and no report has been made by the Fordville bank, which is operated under another name than that of the parent bank. There are several banks like this and Dr. Bruner is hearing of others every day, the opinion of the Attorney General having brought forth letters from the parent banks regarding what must be done. Dr. Bruner finds that the branches are being conducted on the original capital of the parent bank.

Admiral Evans Retired.

Rear Admiral Robley D. Evans, having reached the aged of 62 years, went on the retired list Tuesday, and many of his friends and admirers gathered at Lake Mohonk, N. Y., where the Admiral is recuperating, to express their appreciation of his services to his country. A handsome loving cup was presented to the Admiral and many eulogistic speeches were delivered.

Miners Using Searchlight.

Miners and mountaineers, from whom is feared an attack on the mines at Antras, Tenn., because the manager employed negroes, have obtained a searchlight with which to keep informed of the movements of the defenders. Campbell's a small place nearby, was attacked and 150 negroes forced to leave and walk to Jellico. A negro shanty on the mountain was burned.

Means Closing of the Normal Schools.

In an interview in which he discussed the opinion of Attorney General Breathitt in regard to the constitutionality of the last Legislature's appropriation for State schools, Jere A. Sullivan, author of the bill, says adherence to the Attorney General's opinion would mean closing the schools and that the Appellate Court on identical questions heretofore has given its approval.

Of Interest to Growers.

Bourbon county has collected the money for 984 hogsheads of tobacco sold by the Burley Society. The 984 hogsheads, (1,047,525 pounds) brought \$121,634.95. This amount was distributed as follows:
Paid for inspection \$ 1,968 00
10 per cent. held in reserve fund 12,162 86
Paid on charges and credited on notes of growers for money advanced 34,151 84
Paid to growers in cash 73,352 25
\$121,634 92

Besides the above, distribution sheets have been made out and forwarded to Winchester on 257 hogsheads, amounting to \$38,798.00, the checks on this settlement will be made out and delivered as soon as possible. It must be understood that the tobacco embraced in the above settlement is all of the low grades.

Ancient Justice.
The ancient Greeks provided their judges should hear the arguments of attorneys in a dark room, lest they be influenced by the beauty and gestures of the orators. In America we parade a weeping woman and a bunch of hired alienists before a sentimental jury. And we boast of our civilization.—Louisville Courier-Journal.

Nearer the Soil.
One feature of the banquet which proved by no means the least enjoyable was the delicious punch which was served. Charles Melton, the mixologist of the Dewey bar, prepared the punch, and when it comes to preparing it right your Uncle Charles is "there" with both feet.—Nampa (Idaho) Leader-Herald.

Conundrums.
How is a poultry dealer compelled to earn his living? By fowl means.
Why are clergymen like brakemen? Because they do a great deal of coupling.

Why do American soldiers never run away? They belong to a standing army.

Why is a coat worn by a weather beaten tramp like a man with insomnia? Because it has not had a nap in years.

Dottie's Poor Memory.
"Dot," said her aunt, "you appear to be in deep thought."
"Yes'm," replied Dot. "Mamma told me something to say if you asked me to have some cake or anything, and I've been here so long now I clean forget what it was."

Dot Was Puzzled.
"What I don't understand about our canary bird," said Dot, "is that he whistles so well without puckering his bill."

A Hundred Years From Now.
There's a picture in the window
Of a little shop I know
With boys and girls dressed as they were
A hundred years ago.
And since I saw it I have thought
And keep on thinking how
The children maybe will be dressed
A hundred years from now.

Will girls wear caps or farthingales
Or hoops in grand array?
Will they wear bows like butterflies,
Just as they do today?
Will boys wear jackets short or tie
Their hair in cues? Just how
They'll really look I'd like to know
A hundred years from now.

What do you think the girls and boys
Will eat in those far days?
Will they be fed on breakfast foods
In many sorts of ways?
Will all the good and tasty things
Be worse for them than rice?
Will ice cream soda make them sick
And everything that's nice?
Will children's books have pictures
Then
Or just all reading be?
Perhaps they'll be hand painted and
Most beautiful to see.
But when I think of those I have
I truly don't see how
They can be any prettier
A hundred years from now.
—St. Nicholas.

A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. E. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broad-cast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them Remedies of Known Composition.

By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the closest scrutiny.
Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomachs, liver or biliousness and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. E. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents, and that they are made from native, medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nervous and debilitated women, were employed, long years ago, by the Indians for similar ailments affecting their squaws. In fact one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the uses of a few of our most valuable native medicinal plants was gained from the Indians. As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, propping up, and retarding, and overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

THE LIVER QUARANTINE

"Hurried eating has ruined many a man's stomach. The digestion-destroying process is gradual, often unnoticed at first. But it is only a short time until the liver balks, the digestive organs give way, and almost countless ills assail the man who endeavors to economize time at the expense of his health."

A torpid liver causes a quarantine of the entire system. It locks in the diseased germs and body poisons and affords them full play, inviting some serious illness. In families where August Flower is used, a sluggish liver and constipation are unknown, so are all stomach ailments, as well as indigestion, dyspepsia, heartburn, headaches and kidney and bladder affections. No well-regulated family should be without this standard remedy.

CURE FOR MUSCULAR FATIGUE.

Best Method of Obtaining Sound and Refreshing Sleep.

Real fatigue may be divided into the mental and muscular varieties. The latter is decidedly the simpler of the two. Where one has so overworked physically that one cannot sleep, the first thing to do is to learn to relax. In such a case the first thing to do is to take a warm bath, into which a little rock salt has been dropped to counteract the weakening effect of hot water. Then shut out every ray of light from your bedroom and lie flat on your back. Do not close your eyes and think desperately of going to sleep. Instead, devote yourself entirely to the subject of keeping your eyes open. If they close, open them; if necessary, even prop them open with your fingers; whatever you do, continue to stare wide-eyed into the darkness, and most important of all, think of that one question only. In about five minutes you will be so sleepy that no will-power on earth could keep you awake. The cure for fatigue is rest, and after prolonged physical effort, the paramount issue is to get to sleep immediately, and to sleep as long as possible.

LIVE STOCK AND CROP NOTES

—An immense crowd was in attendance at Mt. Sterling Court Monday, and 5,000 head of cattle were on the market, with part of them of fine quality. There was a large crowd at the pens, bidding was spirited and trade a big improvement over last stock day. The best 1,000 lb. cattle sold at 14 1/2 cents, with bulk sales at 4 1/2 cents yearlings at 4 to 4 1/2 cents; heifers 3 to 3 1/2 cents; cows at 2 1/2 to 3 cents.

—J. E. Boardman, of Bourbon county bought twenty-five 700 pound heifers of Frank Vanhouse 3.25.

—E. R. Little sold to W. H. Whaley of Paris, 350 bucks, wethers and lambs at 3 1/2 cents.

—There was a large bunch of mules on the market, with many good ones, which sold at prices many good ones, which sold at prices ranging from \$175 to \$200 per head. No horse sales were made, but many buyers were present looking for good stock.

—Manager Charles H. Berryman, of Elmendorf Farm confirms the report sent out from New York that James B. Haggin has made up his mind to send some of his many thoroughbred stallions and mares to market in South America. The expectation, however, is that there will be five carloads and number. The supposition is that the horses will leave by express early this week, and will be at once put on board a steamer sailing from New York to South America.

Harm in Roentgen Rays.

According to a Danish medical journal the Roentgen rays were recently used upon a boy 5 years old, who was treated in hospital for a disease of the hair. After 25 applications of the rays the lad was sent home cured. But whereas his nature had previously been bright and intelligent, now he became absent-minded and unreliable, and was sent back to the hospital. He has been for some time since under medical observation, and the pronouncement of the doctors attending the case is that the Roentgen rays can easily penetrate the thin scalp of a child and have an undesirable influence on the brain.

Superlatively Parliamentary.

"There's a motion before the house," says Mme. President, holding the gavel so that her rings came into the foreground. "What is your wish regarding it?" "Mme. President," begins the new member, rising with a flutter. "Mrs. Justine," recognizes the president. "I move that the motion be carried."—Chicago Evening Post.

Wedding Date Near at Hand.

The wedding! The wedding at the
Paris Grand! The wedding that has
aroused such interest and has been the
subject of much discussion for the past
month, is nearing the hour when two
hands will be joined and two hearts
made one. The wedding is to be solem-
nized on the stage of the Grand to-
morrow evening at about the hour of
8:30 o'clock.

From all accounts the wedding is go-
ing to be a nice affair as Manager
Jackson is sparing no pains for
expense to make it such. Decorations
are being arranged for and there will
be an elegant display of electrical
effect. Our own Elks band will be
there to play the wedding march and
render a program which is an assur-
ance of a musical treat.

For the past three weeks some few
have been engaged in an effort to as-
certain the names of the couple to be
married and some think they have
actually succeeded but owing to the
fact that there are likely to be many
names in an affair of this kind the man-
agement desires us to state to the
"wise ones" that in all probability
there will be something happen at the
Grand on tomorrow night which will
prove that there is nothing in guessing
and create quite a sensation.

Manager Jackson has provided for
the convenience of his patrons reserved
seats which are calculated to facilitate
the handling of the large crowd that is
expected on this occasion, and has placed
them on advance sale at the drug
store of Oberdorfer. There is only a
small advance in the price and this
way of handling the audience is ex-
pected to prove more satisfactory to
both the management and patrons.
The seats are going rapidly and the
entire lower floor may be sold out ere
the doors of the theatre are thrown
open on the evening of the wedding.

Perfect Confidence Expressed.

Much fuss has been made by some of
the city papers opposed to the Equity
people because Clarence Lebus, Pres-
ident of the Burley Tobacco Society,
had tobacco which was not pooled. In
answer, the Society, while in session
at Winchester recently adopted a reso-
lution expressing full confidence in Mr.
Lebus, and hearty approval of his
course. He had, at the time the pool
was formed, a large amount of tobacco
raised in 1904 and 1905, and since that

time has held it and refused to sell it
in order not to conflict with the work
of the Burley Society. The resolutions
declare that he may sell this at any
time, and it will not be considered
treachery to the Society.

Equity Tobacco Sale.

The officers of the Burley Tobacco
Society at Winchester Tuesday, report-
ed the sale of 500 hogshads of the \$18
grade of the 1906 crop of tobacco to

troit, Mich.

Notes of The School Improvement League.

The Kentucky Association for the betterment of schools, of which Mrs. T. N. Roark, of Richmond, is the President, has been in existence only a few years, and has already accomplished wonders, considering the status of education in the state. A majority of the 119 counties now have flourishing school improvement leagues, and the assistance these have afforded has been invaluable.

I quote from a letter from Mrs. Roark: "The work done in June, 1908 for the state has been the organizing of the County School Improvement League. We have organized the following counties: Galatin, Carter, Lawrence, Johnson, Magoffin, Wolfe, Owsley, Perry, Letcher, Knott, Whitley, Laurel, Pulaski, Russell, Clinton, Adair, Lincoln, Simpson, Logan, Ballard, Carlisle, McCracken, and Christian. I have sent organizers to a number of others but have not had time to hear the result. Before the close of the institute season, we will have carried the work into many other counties.

The majority of these new organizations have as many vice-presidents as there are educational divisions in the county, and each vice president has the work of her division particularly in charge.

The Leagues will at first direct their efforts to getting funds to improve the condition of the school. Great interest is expressed to get a library, flags and pictures. This work has required the sacrifice, time and strength of a great many workers. We have been able to send a speaker to a number of Farmers' Institutes to speak on the value of good rural schools. We will give one thousand dollars to establish a model rural school.

The locality making the best offer will get the school. "Counties organized last year have been holding mass meetings and showing new life."

Let's have Bourbon County win this splendid offer.

Signed, PRESS COMMITTEE.
Bourbon Co. S. I. L.

WHAT THE RURAL SCHOOL LEADS TO—THE COUNTY HIGH SCHOOL—THE STATE UNIVERSITY.

"We must realize that the rural school is not a literary poorhouse. The country children must have the best in education. They are the salt of the earth. The cradle of almost every great man this country has produced has been rocked by country mothers. Unless we give the country children the same educational advantages as are enjoyed by urban children, the time will come when the best of our rural population will seek homes in the towns and cities, which would be disastrous to the agricultural interests.

Public education should supply every facility for boys and girls to fit themselves for life. There is nothing too good for the rural youth of either sex. The country boy and girl are the hope of the future, and should have the same educational advantages as the city youth all of whom have the privilege of attending a high school after the grammar school education is complete. There can be no doubt of the necessity of establishing high schools in the several counties of the State."

—J. H. Fuqua, B. I. Report.

Under the new school law, approved March 24, 1908, the County High School is established in the following words:

"Within two years after the passage and approval of this act, there shall be established by the county board of education of each county one or more county high schools: Provided, there is not already existing in the county a high school of the first class; if such high school already exists, and if the county board may be able to make such an arrangement with the trustees or board of education of said high school as will furnish to the pupils completing the rural course free tuition in said high school, then said high school may be considered as meeting the purpose of this law without the establishment by the board of another high school," etc.

The law is clear on this point.

There will now exist a complete system of public education in Kentucky: Rural Grammar Schools, County High Schools, State University and how many more advantages these offer to the youth of the State that schools in the past have made. Now one may find at the University special training for almost all occupations of life. The State University at Lexington offers courses that lead to the following degrees:

Bachelor of Science (B. S.)
Bachelor of Arts (B. A.)
Bachelor of Science in Agriculture (B. S. Agr.)
Bachelor of Civil Engineering (B. C. E.)
Bachelor of Mechanical Engineering (B. M. E.)
Bachelor of Mining Engineering (B. E. M.)
Bachelor of Science in Pedagogy (B. S. Ped.)
Bachelor of Arts in Pedagogy (B. A. Ped.)
Master of Science (M. S.)
Master of Arts (M. A.)
Master of Science in Agriculture (M. S. Agr.)
Master of Civil Engineering (C. E.)
Master of Mechanical Engineering (M. E.)
Master of Mining Engineering (E. M.)
The Paris High School is on the accredited list of the State University. The University annually awards a scholarship to the graduate of highest class standing of accredited schools. These advantages will soon be open to country children.

Chronic Diarrhoea Relieved.
M. Edward E. Henry, with the United States Express Co., Chicago, writes, "Our General Superintendent, Mr. Quick, handed me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy some time ago to check an attack of the old chronic diarrhoea. I have used it since that time and cured many on our trains who have been sick. I am an old soldier who served with Rutherford B. Hayes and William McKinley four years in the 23rd Ohio Regiment, and have no ailment except chronic diarrhoea, which this remedy stops at once." For sale by W. T. Brooks. You need no other guarantee.

A Purpose of Life.
It is a great thing to have a purpose in life, but one trouble is that so many purposes are not worth while.

A Faithful Friend.
"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1872 and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for eighteen years, and never start out on a trip without this, my faithful friend," says H. S. Nichols, of Oakland, Ind. Ter. When a man has used a remedy for thirty-five years he knows its value and is competent to speak for it. For sale by W. T. Brooks. You need no other guarantee.

Americans in Asia Minor.
Some of the finest farming land in Asia Minor, situated along the Smyrna-Aidin railroad, is owned and operated by Americans.

Thinks it Saved His Life.
Lester M. Neilson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would not more without a bottle than I would without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at Oberdorfer's drug store. 50c and \$1.00. Trial bottle free.

The Grumblers.
Most of the grumbling is done by people who sit down in the gloom and want the sunshine to come and find them.

A Grand Family Medicine.
"It gives me pleasure to speak a good word for Electric Bitters," writes Mr. Frank Conlan, of No. 436 Houston St., New York. "It's a grand family medicine for dyspepsia and liver complications; while for lame back and weak kidneys it cannot be too highly recommended." Electric Bitters regulate the digestive functions, purify the blood, and impart renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at Oberdorfer's drug store. 50 cents.

Shoo Fly!
The house fly has been convicted of a desire to annihilate the human race. Beware of it.

Bucklen's Arnica Salve Wins.
Tom Moore, of Rural Route 1, Cochran, Ga., writes: "I had a bad sore come on the instep of my foot and could find nothing that would heal it until I applied Bucklen's Arnica Salve. Less than half of a 25 cent box won the day for me by affecting a perfect cure." Sold under guarantee at Oberdorfer's drug store.

A Word from Josh Wise.
"A bachelor's a man who thinks clothes wash themselves and children ain't never no trouble."

The Best Pills Ever Sold.
"After doctoring 15 years for chronic indigestion, and spending over two hundred dollars, nothing has done me as much good as Dr. King's New Life Pills. I consider them the best pills ever sold," writes B. F. Ayseue, of Ingleside, N. C. Sold under guarantee at Oberdorfer's drug store. 25c.

Diarrhoea Cured.
"My father has for years been troubled with diarrhoea, and tried every means possible to effect a cure, without avail," writes John H. Zirkle, of Philippi, W. Va. "He saw Chamberlain's Colic, Cholera and Diarrhoea Remedy advertised in the Philippi Republican and decided to try it. The result is one bottle cured him and he has not suffered with the disease for eighteen months. Before taking this remedy he was a constant sufferer. He is now sound and well, and although sixty years old, can do as much work as a young man." Sold by W. T. Brooks. You need no other guarantee.

PAIN'S BIG MIMIC CITY

Pain's Big Pompeian Spectacle Each Night at the State Fair.

No scenic representation could be more realistic than the magnificent view which is spread out before the spectator in Pain's elaborate production "Last Days of Pompeii." The scenic city spreads out over an area of four acres of ground, and so perfect is the work of the painter in the perspective that one seems to be looking upon a real city and a landscape that stretches seemingly away for miles. Real massive buildings twenty to fifty feet high, loom up in the foreground, representing the palaces, temples, etc., of the picturesque ancient city, while huge triumphal arches adorn its streets. Towering above all these is the ever beautiful but treacherous Mt. Vesuvius. A force of over forty skilled scenic mechanics are necessary to place this scenic city in position each day, in spite of every time and labor saving device that can be provided.

Pompeii is to be destroyed again. Not the ancient city that nestled among the Italian hills at the foot of Mt. Vesuvius, but the big scenic city in Pain's vast spectacle of "Last Days of Pompeii" that will be seen at the Kentucky State Fair. This mimic city represents with ideal accuracy the fated city that perished in the First century of the Christian era. The scenery used in this production covers an area of fully four acres of ground, but so deceptive is the perspective that it appears to spread out over many times that space. The view is said to be marvelously correct and historically accurate, being like what the archeologists now suppose the ancient city was at the time it was destroyed. The whole effect under the glare of half a hundred arc lights and calciums is most beautiful. As one sits in the vast amphitheatre and gazes on the scene before him he sees the tall Vesuvius with its head raised against the sky; below are the houses, temples, arches, etc., and to properly represent these latter many real structures twenty to forty feet in height are blended in with the "picture" in the background. The scene opens with a fete day in the ancient city and for upward of an hour the audience is entertained with a vivid production of the sports and feats of the hippodrome, exciting chariot races, sensational aerial and acrobatic feats, pretty ballets, imposing and gorgeously costumed processions, choruses, music, etc. The tragic dramatic episodes of the spectacle are shown in pantomime. The fetes are interrupted by the terrific eruption of Vesuvius and the destruction of the city by the earthquake, which is a scene thrilling beyond description, and brings into action all the skill and ingenuity of Pain's artists. Following these stirring scenes there is presented a beautiful exhibition of fireworks, and those who have seen these pyrotechnics of the famous Pain have never realized the full meaning of the word before.

Railroads will make special rates from nearly all surrounding towns on the date of this exhibition.

The most magnificent display of pyrotechnics ever witnessed in this section of the state is promised in connection with Pain's big spectacle. This display is, in fact, the crowning "feature" of the marvelous exhibition, and as Pain has long enjoyed the reputation of "king of pyrotechnists" in both England and America, it is more than likely we shall behold something unusually fine in pyrotechnic novelties on this occasion. Among the most elaborate "set pieces" shown will be a mammoth revolving fountain of fire; Aladdin's Jeweled Palms, and the beautiful Pyramids. These are only a few of the larger special pieces that will be shown. For the edification of the little folks there will be a large number of comic fireworks devices, such as the "Devil-Among-the-Tailors," the huge walking elephant, the flying pigeons, the acrobatic monkey, the flying fish, etc.

TOBACCO.

Tobacco will be a bigger feature than ever at the State Fair this year. The prizes offered are larger and the classes are more numerous. Classes are provided for the following burley types: Red Leaf, Bright Leaf, Cigarette wrapper and Bright Trash. The dark types are black wrapper, long or African leaf, French leaf, Italian leaf, Green River leaf and stemming leaf. Hon. M. C. Rankin offers \$75 in specials for the best display of 1907 burley crop, for the best display of 1908 dark tobacco and best display of 1908 Green River tobacco. Not more than four samples can be entered out of a single crop, but if the exhibitor has more than one crop raised on his farm he is entitled to four samples out of each crop. A special burley tobacco class is being considered in which the entries of dealers, growers or associations will be accepted.

RAILROAD RATES TO STATE FAIR.

Railroad rate of one fare plus 25 cents for round trip from all points in Kentucky has been secured by the Transportation Committee for the State Fair. It is estimated that a quarter of a million people will take advantage of this rate.

There will be more than 3,000 awards of premiums at the Kentucky State Fair this year, an average of more than 500 awards daily.
